MOUNT VERNON RECORD, VOLUME XXXVI, NUMBER 20

ANNOUNCE PLANS FOR CAMPAIGN AT CORNELL DINNER

GATHERING OF MEN OF COMMUNITY AT DINNER WAS A SUCCESS

Dr. Burgstahler and Dr. Cole addressed them telling of Cornell's financial affairs

Plans for the celebration of the seventy-fifth anniversary of Cornell and a financial drive for \$1,100,000 in endowment were given by President H. J. Burgstahler and vice president Frank C. Cole, to a group of 75 men from Mount Vernon who attended the community dinner given in the Methodist church on last Friday evening.

Rev. H. C. Culver presided and introduced the speakers. Dr. Burgstahler told the history of two conditioned grants of endowment from the Carnegie foundation and the General Board of Education Rockefeller foundation. The first one is for \$75,000 to be used for endowment of the library conditional upon the raising of a similar amount by the college. The other one is for \$500,000 conditioned upon the raising of \$1,100,000 of other endowment. However the \$150,000 library endowment can be applied on the \$1,100,000 necessary to win the Rockefeller gift. Each one of these gifts have been standing for several years and have been extended for the last time. The Carnegie offer runs out on September 1, 1928 and the other by the close of 1929.

The start of the planned campaign came at the last session of the Upper Iowa Conference when a campaign to raise \$1,200,000 for Upper Iowa and Cornell was voted for 1929. The proceeds of this campaign were to be divided in the ratio of 65 per cent for Cornell and 35 per cent for Upper Iowa. The conditional grants and the burning of the science hall at Upper Iowa made it necessary to start the campaign earlier than was first thought best.

The following resolution was presented and adopted at the dinner in Mount Vernon and also by the meeting of men at Lisbon on the evening previous:

"We, a group of citizens of Mt. Vernon, have heard Cornell representatives with pleasure and are pleased to learn of the opportunity to secure \$75,000 from the Carnegie Foundation for library endowment by September 30, and hereby approve of the plan for this community to join with the college in its effort to raise a creditable sum to secure this gift. . . . We also recommend the appointment of the necessary committee to work with the college in furthering its work."

Chairman Clark then appointed an advisory committee of five men from Mount Vernon, five men from Lisbon, five men at large with two college representatives, making 17 in all.

The men appointed are: from Lisbon, Gail Frink, George Saylor, Dr. N. A. York, Dr. J. R. Gardner, and Rev. A. F. Rumbaugh; from Mount Vernon, Fred Young, E. B. Willix, Dr. H. C. Culver, Charles Hediges and C. F. Stratton; at large, W. C. Stuckelager, S. G. Fouse, Freeman Current, A. Bauman, and Dr. S. L. Chandler. The College representatives are Dr. Burgstahler and Dr. Cole.

The campaign committee from the Upper Iowa Conference is composed of Dr. H. J. Burgstahler, and Dr. Frank Cole of Mount Vernon, Dr. E. J. Lockwood of Waterloo, and A. L. Killian of Cedar Rapids, as the Cornell representatives. Dr. A. B. Curran and Dr. J. P. Van Horn of Fayette, Dr. J. Arthur Young of Waterloo and E. M. Sherman of Charles City from Upper Iowa, Dr. Earle Baker, Dr. Fred Witzgman, Dr. W. C. Cleworth and Dr. Will Kirwin.

It met in Waterloo last week and agreed to employ the Hancher organization of Chicago to assist them in the campaign. Dr. R. E. Shaw of Chicago is already in Mt. Vernon assisting in the arrangements for the Cornell campaign. H. A. Church will have charge of the same work for Upper Iowa.

Dr. Burgstahler spoke of the plan for the presentation of a great pageant at commencement in June that would portray the life of Cornell and the progress of education since the founding of Cornell in 1853.

Vaccination School

A free vaccination school will be held in Mount Vernon on January 19 and 20. An advertisement on the back page gives the particulars of the school which is under the direction of Iowa State College extension service.

Forest Sale February 1

E. C. Forest will hold his annual tree sale on Wednesday, February 1, at the Forest farm just north of the town limits.

FOREST LEADS ASS'N.

Herd Produced 532 Pounds Average Of Butterfat For Year
E. C. Forest, a successful dairyman of this community, is owner of the highest producing herd in the Linn No. 2 Cow Testing Association. His herd produced an average of 532 pounds of butterfat for the year. Mr. Forest's herd was also high herd for December, producing 44.1 pounds butterfat; second place was won by Lynch's herd with 34.7 pounds.

The Linn No. 2 association was organized two years ago. Members are E. C. Forest, Chas. West, Lyall Bryant, W. S. Penn, Graver of Lisbon and Lynch, west of town. Carl White of Marion is president. G. Houghton of near Colo is the cow tester.

The local organization is one of 63 Iowa cow testing associations which sent in complete reports to the Extension Service of Iowa State College. Ten years ago Iowa had 30 of these associations to which about 750 farmers belonged; today there are 88 associations with 2,200 members. 13 new associations were organized during the past year.

Association members are finding it profitable to check the production of each of his dairy cows and are getting a monthly check on the income from each of their cows as compared with the feed cost.

ENJOY ORCHESTRA

Cedar Rapids Symphony Played Tuesday Evening (By Mary Parsons)

The Cedar Rapids Symphony orchestra, some fifty or more strong, directed by Joseph Kitchin of Coe Conservatory, took possession on Tuesday evening, of the enlarged auditorium platform sacred to Frederick Stock and his musicians. They played an ambitious program with fine zest and spirit as the third number of the Cornell Artist Recital Course. The orchestra is semi-professional in character and has some of the faults of such organizations, chiefly noticeable being a lack of balance in the parts and the uneven ability of individual members.

Excellent phrasing and tone quality were evident in the Beethoven Egmont Overture and the Carmen Suite proved highly enjoyable. One of the outstanding features was the solo work of the woodwind instruments.

Cedar Rapids is to be congratulated on having enough musicians of ability willing to devote the time and consistent hard work to make such an organization and such a program possible.

PIPE ASHES START FIRE

Alarm Turned In From Dee House Sunday Afternoon

A fire alarm was turned in on Sunday at 3 p. m. from the Dee house when a blaze in a second story front room was discovered by Mrs. Dee and students in an adjoining room.

The fire started from pipe ashes emptied by a student who had left the room, into a waste basket between two study tables. At the time the alarm was given there was considerable blaze and much smoke in the hall and room. Boys in the house formed a bucket brigade and had extinguished the fire by the time the firemen had arrived.

Damage done by heat and the flames consists of window panes cracked, casing, tables and floor charred and curtains burned. Other damage was done to clothing because of the melting and running of varnish where clothes were hung.

MARRIED

Brunnell-Penn

The marriage of George Penn of Mount Vernon and Miss Cornelia Brunnell of Anamosa took place November 17, 1927 in Anamosa. Mrs. Penn is a graduate of Morningside college, Sioux City. She had been teaching for five years. Mr. Penn graduated in the Cornell College class of 1927. They are residing at Davenport where he is teaching this year.

Rasmussen-Vuagniaux

Miss Nyra Gaskell has received cards announcing the marriage of Miss Marie Andrea Rasmussen to Mr. Waldo W. Vuagniaux on Thursday, December 29, 1927 at Webster City. Mr. and Mrs. Vuagniaux are "at home" at Boone, Mrs. Vuagniaux taught sixth grade in the Mount Vernon schools in '25 and '26; her friends here will be interested and extend good wishes for her happiness.

Neals To Des Moines

Mr. and Mrs. Bart Neal left Monday for Des Moines to spend several days attending the State Farm Bureau convention. Mr. Neal is chairman of the fifth district. Arthur Robinson is in charge of the Neal farm during their absence.

Get New Truck

Home Lumber Company have a new ton-and-a-half International truck purchased the first of the week that will be used for coal and lumber delivering by the local yard.

OFFICERS STILL SUSPECT COOKS IN SIZER CASE

THEY ARE NOW HELD ON A SECOND DEGREE MURDER CHARGE

Still Deny Any Knowledge Of How Myrtle Sizer Disappeared On November 6 1926

Dr. and Mrs. Jesse L. Cook of Oxford Junction pled not guilty when arraigned in district court at Cedar Rapids on Wednesday. They are charged with second degree murder in the death of Eva Thompson, 19, of Oxford Mills, who died in a Cedar Rapids hospital on September 19, 1927 after she had been taken there in a critical condition from an illegal operation, said to have been performed by Cook. The trial is expected to start next week. Edward Dahms is Cook's attorney while Guy Linville is Mrs. Cook's attorney. They will be tried separately.

The officers who worked on the Sizer case have always felt that Dr. Cook could tell more about it than he has ever done. In fact he has steadfastly denied any knowledge of it although it has been pretty positively established that he was gone from Wheatland, his home at that time, during the three days following the disappearance of Miss Sizer.

It is also said that he told some boys who rode with him on the afternoon that Miss Sizer was last seen, that he was on his way to Marion to meet a girl. It is further said that a man answering his description tried to obtain a room for a girl in Marion on the day following her disappearance. Dr. Cook was arrested in 1922 and fined \$1200 for violation of the federal narcotic laws.

The Maquoketa Excelsior of Tuesday says: "The Cooks are suspected by the authorities of being connected with other cases of like nature, and an effort is to be made to clean up all back numbers while they are into the investigation. But a believer in justice to all asks 'How about the real criminal in the case and the cause of all the trouble' the MAN—why should he be allowed to escape?"

HIGH SCHOOL NOTES

The high school girls basketball team played the alumni team on Tuesday evening. The final score was 10 to 7 in favor of the alumni.

The declamatory contestants are practicing for the contest which will be held soon. Registration for the second semester is over. Several new subjects are being offered this year. As there are no semester tests the six weeks' tests are being given this week.

Dr. Bryant Honored

Dr. John Bryant has just received word that he has been chosen as resident secretary of Iowa for the American Veterinary Medical Association. This association is the largest and most effective organization of veterinarians in the world. There is quite a little honor attached to the appointment as it has always been given to some one in the veterinary department at Ames and this is the first time that a practitioner has been honored with it.

Dr. Bryant will spend from Tuesday until Friday of next week in Des Moines attending the convention of the Iowa Association of Veterinarians. He is on the resolutions committee and the banquet committee. Several very important men in the veterinary field will address the convention during its sessions.

MT. VERNON CHURCH NOTES

First Methodist Episcopal Church
H. C. Culver, Minister
Sunday School at 9:30.
Morning worship at 10:45. Sermon, "The Renewal of Strength". Epworth Leagues at 8:30.
Union service at 7:30. Sermon by Dr. W. L. Ewing, pastor of St. Paul's Methodist Episcopal church. Dr. Ewing's subject will be "The Outlook for the 18th Amendment". The quartet of St. Paul's church will give a forty minute sacred concert preceding the address.

Presbyterian

C. F. Stratton, Minister
All the regular services next Sunday.
Bible School at 9:45 a. m.
Morning worship at 11 a. m.
Endeavor at 6:30 p. m.
Evening union meeting in the Methodist church. Dr. Ewing of St. Paul's Methodist church of Cedar Rapids, will be the speaker of the evening.

Large can pink salmon 20 cents

at Franks grocery.
Belle Plaine corn 10 cents per can at Franks grocery.

Marking of the New Calendar

FARMER'S MUTUAL HAS A GOOD YEAR

ANNUAL MEETING HELD AT ROSDALE SATURDAY

Annual Report Of Secretary J. M. Johnston Shows Losses Are Smaller Than In 1926

The Fifty-seventh Annual Meeting of the Farmers' Mutual Insurance Association of Linn Township, Linn County, Iowa was held at Rosedale school house on Saturday, January 7, 1928. The board of directors met at ten o'clock to transact their business. The same officers were reelected: A. J. Baird, president; J. H. Richardson, vice president; and J. M. Johnston, secretary and treasurer.

The directors elected are: A. J. Baird, J. M. Johnston, G. H. Richardson, W. C. Kleingek, A. J. Newman, J. E. Johnston, J. B. Strother and H. A. Reiger. Losses paid during 1927 totaled \$6692.32 as compared to \$8112.31 for 1926. The company ended the year in a good cash position with a balance of \$2193.67 on hand. The gain in insurance written for the year was \$25,173. The amount of risks in force on January 1, 1928 is \$4,131,231. The three largest losses during the year were the Harry Peet barn and contents, Emer Slater barn and contents, and Joe Ilenik barn and contents. Outside of these three fires there were no losses over \$250.

CHANGE IN LECTURE COURSE

Leon Dabo Comes On First Lecture Course Number

In the College lecture course there will be an address, Friday evening, January 27. Mr. Leon Dabo, the New York artist, will speak on the subject, "American Art and Artists". This was to have been the second number of the course but the postponement of Dr. George A. Coe's lecture owing to his illness will make the lecture by Mr. Dabo the opening number.

Play Coe Friday Eve

The annual Coe-Cornell basketball game at Cedar Rapids will be played on Friday evening at Benjamin Franklin high school gymnasium at 7:30. As usual there is a wild scramble for tickets with only part of the fans able to attend because of the limited seating capacity of the auditorium at Franklin high school. Dope in a Coe-Cornell game of course means nothing. Cornell has had an up and down time so far this season and it is hoped that they will hit their pace on Friday evening. Coe, with a slow start, hit their stride in the Beloit game last Saturday and gave them a sound trouncing.

Hear Travel Sketches

The Tuesday evening dinner of Rotary Club was devoted to several short travel sketches. Dr. T. L. Gormly and George Wilson each told of their recent trip to Canon City, Colorado. Prof. Horace A. Miller told some very interesting stories of his summer spent in Pasadena, California and Dr. John Gardner told of his trip to California in the early fall. The talks were all very interesting, full of good humor and enjoyed by everyone.

John Cotton of Kansas City and Gerald Hill of Mount Vernon were guests.

Red kidney beans 10 cents per can at Franks grocery.

HOW IS YOUR SUBSCRIPTION?

January is the month in which many people pay their newspaper subscription. Have you attended to yours? If you are not sure of your expiration date drop into the office and we will be glad to tell you. Many people have attended to theirs voluntarily and we hope the rest will attend to theirs promptly.

PLAN LEAGUE INSTITUTE

Young People To Gather Here On January 27, 28 and 29

A Midyear Epworth League Institute and Young People's Rally sponsored by the Cornell Christian Association will be held in Mount Vernon on January 27, 28 and 29. Rev. Clyde Baker, director of religious education on the Upper Iowa conference is the dean of the institute. Miss Elizabeth Wallis is chairman of the local registration committee. Entertainment will be on the Harvard plan, with lodging and breakfast furnished. A banquet will be given on Saturday evening with the out of town delegates as guests of the Cornell Christian Association.

TOWNSHIP FINANCES

Clerk Makes Annual Report To County Auditor

The annual report of Township Clerk, T. I. Mitchell and road superintendents, W. E. Challis, J. B. Fulwider and Joe Jilovec submitted to the county auditor last week showed that Franklin township spent \$4423.90 on maintenance of township roads during 1927. The township began the year with a balance of cash on hand totaling \$1896.85 and closed with a balance of \$731.44.

\$3196.96 was received from the county treasurer, \$1109.34 from the gasoline tax and \$348 was the amount of the receipts from the poll tax. Miscellaneous sources brought in \$104.

The largest expenditure outside of maintenance was for dragging which cost \$1201.93. Drainage work cost \$164.99. \$20.60 was spent in keeping up the Kepler cemetery which is the only township cemetery in the township. There is also a bequest from C. W. Kepler of \$100 on deposit with the Mount Vernon Bank, the interest from which is used to keep up this cemetery. The total disbursements of the township were \$6994.93.

There were 17 reported as not paying their poll tax. Four of these gave their post office address as Lisbon and 13 as Mount Vernon.

The W. F. M. S. met with Mrs. McGaw January 4. Mrs. Lewis led devotions and Mrs. Lahman read a very carefully prepared paper on the lesson for the month. Plans for a meeting of the new young people missionary society, The Bracelet, with Mrs. Ebersole were made. The next W. F. M. S. meeting will be with Mrs. Fries on February 1st.

UNKNOWN PARTIES TAMPER WITH TRAP

ICE FREEZES IN STAND PIPE WHEN TRAP IS LEFT OPEN

An Electrical Signal Is Placed On The Lisbon Stand Pipe To Show Quantity Of Water

The electricians adjusted a signal on the water tower this week. This will give the pumper at the water station information as to the quantity of water in the tower and overflow will be avoided. When the workmen placed the signal they found ice three foot thick on top and four foot thick around the sides. The was partly due to the trap being open on the top. This was not done by officials or workmen but by some one outside who had no business to be there.

Defeat Wisconsin 23-0

The Cornell wrestling team opened their season with a 23 to 0 defeat of the University of Wisconsin wrestling team on Saturday evening in the Cornell gym. Barker's men took every match except one with a decision. Former Capt. Appleton won his match by throwing Capt. Meyers of Wisconsin in three minutes and 40 seconds. The score is better than the one made by Ames against Wisconsin and marks the Cornell team as one of the best in the country.

Tonight the Cornell team will take on Northwestern University at 8 o'clock. Little is known of Northwestern's strength. Leander Lupton, former Cornell wrestler, will probably represent them in the 125 pound class. He made a fine record at Cornell, winning a national championship.

Cornell will go to Lafayette, Indiana to meet Purdue on Saturday evening.

Summary:
115—Cornick (C) won decision over Callahan (W) with time advantage of 3:00 in overtime periods.

125—Jones (C) won decision over Stetson (W) with time advantage of 2:50.

135—Bell (C) won decision over Holt (W) with time advantage of 5:40.

145—McGrath (C) won decision over Smith (W) with time advantage of 1:07 in overtime periods.

155—Wilson (C) won decision over Tiffany (W) with time advantage of 7:50.

Heavyweight—Captain Midkiff (C) won decision over Heywood (W) with time advantage of 7:00.

Referee: E. G. Schroeder of Iowa State University.

The Elizabeth Pearson Missionary society met at the home of Mrs. Lloyd McCutcheon, with Miss Nyra Gaskell as assisting hostess, on Wednesday. In spite of the fact that it was a postponed meeting there was a good attendance. The program was given by Misses Geraldine Light and Erma Plahn. They gave interesting reports of the tenth quadrennial convention of the United States and Canada, at Detroit which they attended recently as representatives of Cornell College. During the social hour the guests were invited to the dining room for refreshments. Miss Ida Jordan presided at the tea table.

LISBON SCHOOL NOTES

The first and second grades have been building a grocery store. The children are having a good time building it and are working up a large line of goods.

In honor of Ethel Johnson's tenth birthday last Thursday her mother brought two large cakes, candles and candy and treated the boys and girls of the third and fourth grades. This was Dillon Frank's ninth birthday also. They were very happy over this occasion.

Both the grades and high school have been very busy preparing for semester examinations which are to be taken this week.

A list of those who were not absent or tardy the first semester in the seventh and eighth grade is as follows: Gwynnifer Achenbach, Mary Albright, Robert Harmon, Vera Leib, Bertha McQuown, Luella Mohn, Louis Gamble, Alma Owens and Barbara Treichler.

Those exempt from all examinations are: Louella Mohn, Alma Owens, Harriette Peiper, Barbara Treichler.

With the close of the half year's work Ware Ketterling will finish high school and will receive his diploma.

Don't forget about the biggest game of the season in Lisbon between the Mount Vernon and Lisbon boys and the Central City and Lisbon girls, Friday, January 14.

Lisbon basketball was well represented last Friday night in Stanwood when the two prep teams, the Independents and a large number of fans journeyed down for a three game bill.

In the first game the undefeated high school girls won from the Stanwood sixlet 27 to 11. The Lisbon team were outplayed and outfought by their small opponents but the latter could not overcome Gardner's height. If Gardner had been taken from the game, the Red and Black might have found things against them.

The High School boys took an unmerciful wallop from the Stanwood five. The final score was 43 to 21 but the Stanwood team were masters at all times. The locals, playing without the three men that turned pro last week, were lost while Miles and McClelland seemed to hit the loop at will. Bright spots of the re-innovated Lisbon team were McManis and Schley. The latter played his first full game in a cool fashion. Stahl left the court via the foul route and Lisbon's defense weakened.

In the third act of the program the Old Pals kept their slate clean when they downed Stanwood in a fast game 24 to 21. The Lisbon team went into the fray as the underdog but a last inning rally gave them a three point margin. Stanwood started the scoring and led at the half way period 17 to 11. In the last half Lisbon tightened and held them to four points while baskets by Ringer, Emerson and Thornington put the game on ice.

Next Friday the Prep team are hosts to their ancient rival, Mount Vernon. Nothing is known of the strength of the hilltop boys but you know what a Mount Vernon-Lisbon game means. A real scrap like the Coe-Cornell battles. Let's be there!

Vinton Wins 43-23

Mount Vernon received a sound trouncing at the hands of Vinton High School basketball team on Tuesday evening when they lost 43 to 23. The game was rough and fast, Vinton leading at the end of the first half 24 to 6. The Vinton players seemed able to hit the hoop at will in the first half but were more closely guarded in the second period. Mount Vernon had no offense at all when under their basket and made most of their scores on long shots by Frick and Kadera.

Frick and Scooby were forwards Suttill center, Hunter and Casper guards. Kadera replaced Casper and Colon replaced Scooby during the game. Judd Dean was the referee.

President H. J. Burgstahler left Friday evening to spend a month in a trip that will take him from one coast to the other. On Sunday he met with the Cornell alumni in Detroit, Monday with Cornellians in Washington, D. C., Dickinson and Robinson from Iowa. Tuesday evening he was present at the annual banquet of Cornell alumni in New York City. The meeting of the educational association of Atlantic City was attended on Wednesday and Thursday. Friday evening he expected to attend the convention of American college presidents there.

Early next week he will start for the west coast and is scheduled to speak at Jerome, Idaho the 17th and 18th. On January 19 and 20 he plans to be in LeGrande, Oregon, going from there to Portland. He plans to meet alumni in San Francisco on January 22 and spending the week following in Los Angeles, interviewing alumni.

Golden wax cut beans 10 cents per can at Franks grocery.

ANNUAL MEETING OF CREAMERY CO. HELD WEDNESDAY

MANAGER FRINK REPORTS 1927 BUSINESS ONE THIRD BETTER

Old Officers Were All Reelected; E. E. Newland, State Food Inspector Was Speaker; Two New Directors

The Lisbon Cooperative Creamery Association held its annual meeting Wednesday. Some over a hundred were present at the time and enjoyed the feast prepared by the ladies of the Catholic church and served in their parlor. This feature was a big success and matched perfectly the large success that was present in the entire session and in all the reports.

The association has had a splendid year in which an increase in patronage and total business was 33 1-3 per cent larger than last year. The total pounds of butter for the year were 285,000 and the fine report of President Frink made the session a real delight and everybody enthusiastic.

The educational feature and entertainment came in an address by E. E. Newland, State Food Inspector, and formerly a creamery man. He drew from his wide experience and gave an address of interest and merit. H. J. Feller, representative of the Cherry Co., was present and gave a talk incident to the industry. At the business session two new directors were elected, Geo. Light and Joe Staskal. After the regular and general session the board of directors met and elected the old officers: Gail Frink, president and manager; M. M. Franks, secretary and treasurer and Lyle Capper, buttermaker.

This time has put the creamery on the splendid basis it occupies in what the cooperation of stockholders and cream producers has also figured materially and largely. This feature and other important ones were recited effectively during the meeting by chairman Frink who certainly has his hand on the pulse of the industry and knows every throb within and without, that makes for success. Here is cooperation working splendidly and successfully which undoubtedly is profitable to all who are associated with it.

WANT TRUCK SERVICE

Hope C. R. & I. C. Will Put On Trucks When Cars Go Off
The freightmen on the Interurban claim that last Saturday was the biggest freight day over this division of the Interurban in fifteen months. How this can be cared for by trucks is a problem. If the interurban should suspend the business likely it will go to local trucks and the Northwest. No object in giving it to Cedar Rapids carriers who would pick it up after delivery to a general platform and possible distributes here likewise. The amount of freight coming into Lisbon would go a long way in the support of a local truckman and a good service insured for the merchants here.

Inspect Septic Tank

The district inspector of septic tanks was here this week and checked up on the Lisbon plant. He found it in fine condition and pronounced it as good as any in the state.

The Federated church team won an exciting game from the North End Wolverines last Friday night at 4:00 in the school gym. Dahn opened the scoring with two beautiful shots from center and made them good. Then Plattenberger of the Federated team, slipped through the Wolverine defense for three consecutive baskets in 30 seconds. Just before the half ended Plattenberger tossed the leather for a long shot and it counted. The score at the half was 8 to 4 for the Federated team.

The second half started with two field goals for Albright and two for Long, then Dahn started and scored three field goals when J. Carbee took a spurt and got three field baskets. The third quarter ended with a score of 16 to 16. Plattenberger scored seven field baskets in the final quarter while Long got three and Gamble three for a score of 42 to 16 in favor of the Federated team.

Albaugh Car Upsets
The H. L. Albaugh car upset on Monday east of Mechanicsville, when Mr. Albaugh was coming to the Sam Andre place to help husk corn. The car was badly damaged but Mr. Albaugh was not hurt very much.

Annual Meeting Saturday
The Lisbon Shipping Association will hold their annual meeting in the school Auditorium, Saturday, January 14, at one P. M. All members are urged to be present.

Holiday candy 15 cents per pound at Franks grocery.
